

Intensity map

Multiple vials can be aligned on the same contour line of the same intensity

PR160L (Linear Reflector)

* Intensity values are the average of PR160L-390nm, PR160L-427nm, PR160L-440nm, PR160L-456nm, and PR160L-467nm. Such values do not apply to PR160L-370nm
